

## Meeting Summary for January 23, 2013

Guest Dr. Jennifer Hoying was introduced to the group. She is an optometrist, who has recently relocated to Brownsburg.

Billy Chastain described a new project for Indiana Lions Foundation. ILF is selling bricks at \$100 or \$250 each to pave a new patio and give a face-lift to the ILF building.

Thank you notes from Bethesda School for the Dictionary Project in December were passed around, and some of them were read aloud. The dictionaries were much appreciated.

President David Martinez will contact Brownsburg Parks and Recreation about participation in the Easter Egg Hunt on March 30. He will also contact Phil Parnon about the timing for renovation of Bundy Lodge.

Don Acton is still in rehabilitation. He has been moved to Prestwick at Manor Health Services. His telephone number is (317) 386-6067.

Breakfasts will be determined at the February 13<sup>th</sup> Board Meeting. A yearly calendar will also be contemplated.

The February meeting will be pitch-in with attendees from Lebanon, Lizton, and Plainfield invited to attend. The Speaker will be John Clester from the Eyeglasses Recycling Center in Upland. PDG Billy Chastain will coordinate the dishes needed prior to the meeting. PDG Bill Birk will contact Drs. Dave Bogan and Valerie Shaffer to invite them to the February meeting.

On January 18 the Brownsburg Club was 84 years only. This is at odds with the date on the Charter, which is hung on the wall. It's probably a difference in signing times.

On March 8 the Eagle Elementary School is sponsoring a Race for the Cure. Lions will donate \$100 and are asked to volunteer for donut distribution. Contact Suzanne Graden for details and/or to volunteer.

We received a thank-you note from Krystal Shirrell. She is attending college in Iowa, made the deans list, and appreciates the scholarship money. (We should make an effort to identify Lions' Scholars and have a dinner in their honor for past and current winners.)

A proposal was made to print extra copies of the newsletter, or a summary of the newsletter, and distribute them to Brownsburg businesses, much like the Brownsburg Weekly that was published by the late Bob Wilson.
